### IT'S VERSATILE

For use as a disinfectant on hard, nonporous surfaces such as exercise equipment and whirlpool units. For use in athletic and exercise facilities. Use Whizzer<sup>®</sup> to kill bacteria on lockers, floors, walls, training tables, benches, door knobs, shower and bath areas, toilets, counters, athletic equipment, whirlpools and more!

### IT'S ECONOMICAL

One ounce of concentrate mixed with water makes a gallon of full-strength disinfectant. You get 128 gallons of disinfectant in every gallon of Whizzer<sup>®</sup>!

**HOW TO USE WHIZZER<sup>®</sup>** (See label for complete instructions. Special instructions apply for specific cleaning and decontaminating needs)

1. Mix 1 oz. of Whizzer<sup>®</sup> with each gallon of water. For heavy-duty use, mix 4 oz. of Whizzer<sup>®</sup> with each gallon of water. (Prepare a fresh solution if the solution becomes dirty or diluted)
2. Apply mixed solution to hard, non-porous surfaces, thoroughly wetting with a cloth, mop, sponge, or spray.
3. Treated surfaces must remain wet for 10 minutes.
4. Wipe dry with a cloth, sponge or mop and allow to air dry.
5. Prepare a fresh solution for each application.
