

- Soft, supple, and cushiony products gently absorb shock to prevent injuries
- Textured surface areas prevent slipping (top) and sliding (bottom)
- Mat ends will not curl over time and remain flat on the floor to prevent tripping
- Anti-microbial Sanitized® finish is easy to clean
- Environmentally-friendly, recyclable materials meet CPSIA, REACH, and CA65 standards

AIREX® Exercise and Flotation Mats

- Airex® mats are lightweight, comfortable, and do not slide on the floor
- Made from easy-to-clean, closed-cell foam with an “integrally molded skin” for extra toughness
- Transverse ribbing pattern is molded into the mat to resist tearing and to give the mat enough flexibility to be “rolled-up” for carrying and storage
- Ideal for individual workouts, yet tough enough for use in fitness centers and therapy clinics
- Each mat is durable and easy to clean
- Select mats have eyelets (grommets) for easy hanging and storage
- Corona 200 and Coronella 200 mats have an anti-bacterial treatment
